

16. DIVISIONS Yachts competing Non-Spinnaker are classified according to their PHRF ratings without extra non-spinnaker adjustments for sail size or roller furling. Yachts rated without spinnakers, such as Knarrs, Nonesuch, and Alerion Express, must race in spinnaker division. At the discretion of the Race Committee, boats near the margins of their class divisions may be reassigned to the adjacent class upon request. Divisions may be changed if the Race Committee sees a need to do so.
