This Treasured Annual Event is Back!

Join us for our 39th Annual Women's Sailing Seminar this June. Enjoy a weekend packed full of classroom and water instruction. Designed for beginner to experienced women sailors. Day 1 covers preparing to sail, boat terminology, how sailboats work, reading the wind, points of sail, and some knots. Day 2 adds rules of the road, basic navigation, tides and weather, sail trim and more. Both afternoons are spent on the Bay, sailing, in small groups so students get a chance to put their new knowledge to work. Taught by very patient and experienced bay and ocean sailors.
